

## Energy Equipment Up for Bid in Liquidity Services Online Auction Event

January 9, 2018

### Endeavor Energy Resources selling over 200 complete pumping units, gearboxes, components and parts through Network International online auction marketplace

Liquidity Services (NASDAQ:LQDT), a global solution provider in the reverse supply chain with the world's largest marketplace for business surplus, is pleased to have partnered with Endeavor Energy Resources to manage the sale of over 200 pumping units for the oil and gas industry located in Midland, TX. The sale is being conducted on [Network International](#), Liquidity Services' online marketplace for idle and used energy equipment, through January 11, 2018.

Available assets in the sale include complete pumping units, gearboxes, components, and other parts from top manufacturers including Lufkin, America, Oilwell, Aledo, Churchill, Morgan, Oemic, Cabot, Weatherford, and more. All asset listings can be viewed and bid on at the Endeavor Energy Resources [online sale page](#).

"Oil prices are steadily increasing and are forecasted to keep moving upward making this is a perfect time to purchase these assets at a great price," said Mike Besecker for Liquidity Services. "With strong expectations for solid global economic growth supporting high oil demand, this is a unique opportunity for operators and other pumping unit buyers to lower their equipment acquisition costs as they prepare for more activity. We provide our buyers an efficient platform to confidently purchase quality assets from anywhere in the world through secure and transparent transactions on our [Network International](#) marketplace."

Network International is a global online marketplace powered by Liquidity Services that seamlessly connects buyers of oil and gas assets with sellers from leading energy companies. With a best-in-class online platform, responsive support, and partnerships with leading energy companies, we provide a superior marketplace experience that helps buyers grow their businesses and sellers maximize recovery for surplus assets.
