### PROXY STATEMENT

### QUESTIONS AND ANSWERS

#### Why did I receive these proxy materials?

We are sending you this proxy statement as part of a solicitation by the Board of Directors of Liquidity Services, Inc. for use at our 2012 Annual Meeting of Stockholders (the "Annual Meeting") and at any adjournment or postponement that may take place. Unless the context otherwise requires, the terms "us," "we," "our" and the "Company" include Liquidity Services, Inc. and its consolidated subsidiaries.

You are invited to attend our Annual Meeting on Wednesday, February 29, 2012, beginning at 3:00 p.m., Eastern Time. The Annual Meeting will be held at the offices of Gibson, Dunn & Crutcher LLP, located at 1050 Connecticut Avenue, NW, Washington, DC 20036.

This Notice of Annual Meeting of Stockholders, proxy statement, proxy card and voting instructions and our 2011 Annual Report are first being mailed on or about January 27, 2012.

#### Do I need a ticket to attend the Annual Meeting?

You will need an admission ticket or proof of ownership to enter the Annual Meeting. If you plan to attend the Annual Meeting, please vote your proxy prior to the Annual Meeting but keep the admission ticket and bring it with you to the Annual Meeting.

If your shares are held beneficially in the name of a broker, bank or other nominee and you plan to attend the Annual Meeting, you must present proof of your ownership of Liquidity Services common stock, such as a bank or brokerage account statement, to be admitted to the Annual Meeting. If you would rather have an admission ticket, you may obtain one in advance by mailing a written request, along with proof of your ownership of Liquidity Services stock, to:

**Liquidity Services, Inc.**  
**Attn: Julie Davis**  
**1920 L Street, NW, 6<sup>th</sup> Floor**  
**Washington, DC 20036**

All stockholders also must present a form of personal identification in order to be admitted to the Annual Meeting.

No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted in the Annual Meeting.

#### Who is entitled to vote at the Annual Meeting?

Holders of Liquidity Services common stock at the close of business on January 3, 2012 (the "Record Date") are entitled to receive this Notice and to vote their shares at the Annual Meeting. As of the Record Date, there were 30,557,251 shares of common stock outstanding and entitled to vote. All holders of common stock shall vote together as a single class on each matter properly brought before the Annual Meeting.

## **What is the difference between holding shares as a stockholder of record and as a beneficial owner?**

If your shares are registered directly in your name with Liquidity Services' transfer agent, Computershare Trust Company, N.A., you are considered the "stockholder of record" with respect to those shares. The Notice of Annual Meeting of Stockholders, proxy statement, proxy card and voting instructions and our fiscal 2011 Annual Report have been sent directly to you by Liquidity Services.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the "beneficial owner" of shares held in street name. Access to the Notice of Annual Meeting of Stockholders, proxy statement, voting instruction card and voting instructions and our fiscal 2011 Annual Report is being provided to you by your bank, broker or other nominee, who is considered the stockholder of record with respect to those shares. As the beneficial owner, you have the right to direct your broker, bank or other nominee on how to vote your shares by using the voting instruction card included in the mailing or by following their instructions for voting by telephone or on the Internet (if available).

## **How do I vote?**

You may vote using any of the following methods:

### ***By Mail***

Complete, sign and date the proxy card or voting instruction card and return it in the prepaid envelope. If you are a stockholder of record and you return your signed proxy card but do not indicate your voting preferences, the persons named in the proxy card will vote the shares represented by that proxy in accordance with the recommendations of the Board of Directors set forth under "What are the voting requirements for the matters to be voted on at the Annual Meeting?" below.

If you are a stockholder of record, and the prepaid envelope is missing, please mail your completed proxy card to **Liquidity Services, Inc., 1920 L Street, NW, 6<sup>th</sup> Floor, Washington, DC 20036, Attn: Corporate Secretary.**

### ***By Telephone or on the Internet***

The telephone and Internet voting procedures established by Liquidity Services for stockholders of record are designed to authenticate your identity, allow you to give your voting instructions and confirm that those instructions have been properly recorded.

You may vote by calling the toll-free telephone number on your proxy card. Please have your proxy card in hand when you call. Easy-to-follow voice prompts allow you to vote your shares and confirm that your instructions have been properly recorded. If you are located outside the United States, see your proxy card for additional instructions.

The website for Internet voting is [www.envisionreports.com/LQDT](http://www.envisionreports.com/LQDT). Please have your proxy card available when you go online. As with telephone voting, you can confirm that your instructions have been properly recorded. If you vote on the Internet, you also can request electronic delivery of future proxy materials.

Telephone and Internet voting facilities for stockholders of record will be available 24 hours a day, and will close at 11:59 p.m., Eastern Time, on February 28, 2012.

The availability of telephone and Internet voting for beneficial owners will depend on the voting processes of your broker, bank or other nominee, and we recommend that you follow the voting instructions in the materials you receive from them.

If you vote by telephone or on the Internet, you do not have to return your proxy card or voting instruction card.

### ***In Person at the Annual Meeting***

All stockholders may vote in person at the Annual Meeting. You may also be represented by another person at the Annual Meeting by executing a legal proxy designating that person. If you are a beneficial owner of shares, you must obtain a legal proxy from your broker, bank or other nominee and present it to the inspectors of election with your ballot to be able to vote at the Annual Meeting.

### **What can I do if I change my mind after I vote my shares?**

If you are a stockholder of record, you can revoke your proxy before it is exercised by:

- sending written notice to the Corporate Secretary of the Company;
- delivering a valid, later-dated proxy or a later-dated vote by telephone or on the Internet prior to the Annual Meeting; or
- voting in person at the Annual Meeting.

If you are a beneficial owner of shares, you can revoke your proxy before it is exercised by submitting new voting instructions by contacting your broker, bank or other nominee. You may also vote in person at the Annual Meeting if you obtain a legal proxy as described in the answer to the previous question.

All shares represented by properly executed proxies received prior to the Annual Meeting and not revoked will be voted in accordance with the instructions indicated in such proxies. Properly executed proxies that do not contain voting instructions will be voted in accordance with the recommendations of the Board of Directors set forth under "What are the voting requirements for the matters to be voted on at the Annual Meeting?" below.

### **What shares can I vote?**

You can vote all shares that you owned on the Record Date. These shares include (1) shares held directly in your name as the stockholder of record; and (2) shares held for you as the beneficial owner through a broker, bank or other nominee. Each outstanding share of Liquidity Services stock entitles its holder to cast one vote for each director nominee and one vote on each other matter to be voted upon.

### **What is "householding" and how does it affect me?**

We have adopted a procedure approved by the Securities and Exchange Commission (the "SEC") called "householding." Under this procedure, stockholders of record who have the same address and last name and do not participate in electronic delivery of proxy materials will receive only one copy of our Notice of Annual Meeting of Stockholders and proxy statement and fiscal 2011 Annual Report, unless one or more of these stockholders notifies us that they wish to receive an individual copy. This procedure reduces our printing costs and postage fees and conserves natural resources.

Stockholders who participate in householding will continue to receive separate proxy cards.

If you are eligible for householding, but you and other stockholders of record with whom you share an address currently receive multiple copies of the Notice of Annual Meeting of Stockholders and proxy statement and fiscal 2011 Annual Report, or if you hold stock in more than one account, and in either case you wish to receive only a single copy of each of these documents for your household, please contact our transfer agent, Computershare Trust Company, N.A. (in

writing: P.O. Box 43078, Providence, RI 02940-3078; from within the United States by telephone: (800) 662-7232; from outside the United States by telephone: (781) 575-2879).

If you participate in householding and wish to receive a separate copy of this Notice of Annual Meeting of Stockholders and proxy statement and fiscal 2011 Annual Report, please contact Computershare Trust Company, N.A., as indicated above and, upon written or oral request, a separate copy of these documents will be delivered to you promptly. Additionally, if you do not wish to participate in householding and prefer to receive separate copies of these documents in the future, please contact Computershare Trust Company, N.A., as indicated above.

If you are a beneficial owner of shares, you may request information about householding from your broker, bank or other nominee.

#### **Is there a list of stockholders entitled to vote at the Annual Meeting?**

The names of stockholders of record entitled to vote at the Annual Meeting will be available at the Annual Meeting and for ten days prior to the Annual Meeting for any purpose germane to the Annual Meeting, between the hours of 9:30 a.m. and 4:30 p.m., at our principal executive offices at 1920 L Street, NW, 6<sup>th</sup> Floor, Washington, DC 20036, by contacting the Corporate Secretary of the Company.

#### **How can I vote on each of the matters?**

In the election of directors, you may vote "for" all of the nominees, or your vote may be "withheld" with respect to one or all of the nominees. For the ratification of Ernst & Young LLP as our independent registered public accounting firm and approval of the advisory resolution on executive compensation, you may vote "for" or "against," or you may indicate that you wish to "abstain" from voting on the matter.

#### **What is the quorum requirement for the Annual Meeting?**

The presence of the holders of a majority of the outstanding shares of common stock entitled to vote at the Annual Meeting, present in person or represented by proxy, is necessary to constitute a quorum. Abstentions and "broker non-votes" are counted as present and entitled to vote for purposes of determining a quorum. A "broker non-vote" occurs when a broker, bank or other nominee holding shares for a beneficial owner does not vote on a particular proposal because that holder does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner.

**Brokers, banks and other nominees are not permitted to vote without instructions from the beneficial owner in the election of directors or on the advisory resolution on executive compensation. Therefore, if your shares are held through a broker, bank or other nominee, they will not be voted on these matters unless you affirmatively vote your shares in one of the ways described above.** If you are a beneficial owner, your broker, bank or other nominee is permitted to vote your shares on the ratification of Ernst & Young LLP as our independent registered public accounting firm even if the broker, bank or other nominee does not receive voting instructions from you.

#### **What are the voting requirements for the matters to be voted on at the Annual Meeting?**

A plurality of the votes cast is required for the election of directors. This means that the director nominees with the most "for" votes will be elected. Thus, shares as to which a stockholder withholds voting authority and broker non-votes will not be counted towards any director nominee's achievement of a plurality and will have no effect on the outcome of the election of directors. Stockholders may not cumulate their votes in favor of any one nominee.

A majority of the votes cast by stockholders present, in person or by proxy, at the meeting and entitled to vote on the matter is required to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm and to approve the advisory resolution on executive compensation. Abstentions and broker non-votes, if any, will not be counted as votes cast and will have no effect on the outcome of these items.

If you are a registered holder and sign your proxy card with no further instructions, your shares will be voted in accordance with the recommendations of the Board ("for" all director nominees named in the proxy statement, "for" the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal 2012, and "for" the approval of the advisory resolution on executive compensation).

**Could other matters be decided at the Annual Meeting?**

As of the date of this proxy statement, we did not know of any matters to be acted on at the Annual Meeting other than those referred to in this proxy statement.

If other matters are properly presented at the Annual Meeting for consideration, the proxy holders named on the proxy card will have the discretion to vote on those matters for you.

**Can I access the Notice of Annual Meeting of Stockholders and proxy statement on the Internet?**

The Notice of Annual Meeting of Stockholders and proxy statement are available under the Investors section of our website at [www.liquidityservicesinc.com](http://www.liquidityservicesinc.com). Instead of receiving future copies of our proxy statement by mail, most stockholders can elect to receive an e-mail that will include electronic links to our proxy statement. Opting to receive your proxy materials online will save us the cost of producing and mailing documents to your home or business, and also will give you an electronic link to the proxy voting site.

*Stockholders of Record:* You may enroll in the electronic proxy delivery service at any time in the future by going directly to [www.computershare.com/investor](http://www.computershare.com/investor) and following the enrollment instructions.

*Beneficial Owners:* If you hold your shares in a brokerage account, you also may have the opportunity to receive copies of these documents electronically. Please check the information provided in the proxy materials mailed to you by your broker, bank or other nominee regarding the availability of this service.

**Who will pay for the cost of this proxy solicitation?**

We will pay the cost of soliciting proxies. Proxies may be solicited on our behalf by directors, officers or employees, acting without special compensation, in person or by telephone, electronic transmission or facsimile transmission.

**Who will count the vote?**

Representatives of our transfer agent, Computershare Trust Company, N.A., will tabulate the votes and act as inspectors of election.

## GOVERNANCE OF THE COMPANY

### Our Principles of Corporate Governance

The Board of Directors has adopted a set of corporate governance principles as a framework for the governance of the Company. The Corporate Governance and Nominating Committee reviews the principles annually and recommends changes to the Board of Directors as appropriate. Our Corporate Governance Principles, as well as the charters of the Audit, Corporate Governance and Nominating and Compensation Committees, are available on our website, [www.liquidityservicesinc.com](http://www.liquidityservicesinc.com), at "Investors—Corporate Governance." Stockholders may request a free copy of any of these documents by sending a written request to our Corporate Secretary at Liquidity Services, Inc., 1920 L Street, NW, 6<sup>th</sup> Floor, Washington, DC 20036.

Among other matters, the Corporate Governance Principles contain the following items concerning the Board of Directors:

- The Board of Directors, which is elected by the Company's stockholders, oversees the management of the Company and its business. The Board selects the senior management team, which is responsible for operating the Company's business, and monitors the performance of senior management.
- A majority of the Board is made up of independent directors. An "independent" director is a director who meets, as determined by the Board, the then-current independence requirements of the SEC and the NASDAQ Stock Market, Inc., as applicable, for directors.
- The Board has three standing committees: Audit, Corporate Governance and Nominating and Compensation. Each of the Audit, Corporate Governance and Nominating and Compensation Committees consists solely of independent directors. In addition, directors who serve on the Audit Committee must meet additional, heightened independence criteria applicable to audit committee members. All committees report regularly to the full Board with respect to their activities.
- The Corporate Governance and Nominating Committee considers and makes recommendations to the Board regarding committee size, structure, composition and functioning. Committee members and chairs are recommended to the Board by the Corporate Governance and Nominating Committee and are appointed by the full Board.
- At the invitation of the Board, members of senior management may attend Board meetings or portions of meetings for the purpose of presenting matters to the Board and participating in discussions. Directors also have full and free access to other members of management and to employees of the Company.
- The Board has the authority to retain such outside counsel, experts and other advisors as it determines appropriate to assist it in the performance of its functions. Each of the Audit, Corporate Governance and Nominating and Compensation Committees has similar authority to retain outside advisors as it determines appropriate to assist it in the performance of its functions.
- The Company has an orientation process for new Board members that is designed to familiarize them with the Company's business, operations, finances and governance practices. In addition, the Board encourages directors to participate in education programs to assist them in performing their responsibilities as directors.
- The Board conducts an annual self-evaluation to assess its performance and the performance of the Audit, Corporate Governance and Nominating and Compensation Committees. The ability of individual directors to contribute to the Board is considered in connection with the renomination process. The Corporate Governance and Nominating Committee is responsible for developing, administering and overseeing processes for conducting these evaluations.

## Governance Information

### Board Leadership

Currently, Mr. Angrick serves as Chairman of the Board and Chief Executive Officer. The Board presently believes that it is in the best interests of the Company for a single leader to serve as Chairman of the Board and Chief Executive Officer. Combining the roles of Chairman and CEO makes clear that the person serving in these roles has primary responsibility for managing our business, under the oversight and review of the Board. Under this structure, the Chairman and CEO chairs Board meetings during which the Board discusses strategic and business issues. The Board believes that this approach makes sense because the CEO is the individual with primary responsibility for developing our business strategy, directing the work of other officers and leading implementation of our strategic plans as approved by the Board. As a result of this structure, a single leader is directly accountable to the Board and, through the Board, to our stockholders. This structure also enables the CEO to act as the key link between the Board and other members of management. In addition, the Board believes that it is in our best interests at this time to have Mr. Angrick serve as both our Chairman and CEO because of Mr. Angrick's familiarity with our business and history of outstanding leadership. Mr. Angrick co-founded the Company and has served as Chairman and CEO since 2000.

The Board also believes that strong, independent Board leadership is a critical aspect of effective corporate governance. In this regard, the independent directors meet in executive session without management present at least four times per year, and the Board has established the position of Lead Director. The Lead Director is an independent director elected by the independent directors whose responsibility is to chair these executive sessions. The Lead Director also leads and sets the agenda for these executive sessions, provides input to the Chairman and CEO on the agenda for full Board meetings and provides collective feedback from the members of the Board to the Chairman and CEO. Mr. Kramer currently serves as the Lead Director. In addition, each of the Audit, Corporate Governance and Nominating and Compensation Committees is composed of and led by independent directors.

The Board believes that a single leader serving as Chairman and CEO, together with an experienced Lead Director, is the most appropriate leadership structure for the Board at this time. The Board reviews the structure of the Board and the Board's leadership as part of the succession planning process, and the Board may in its discretion separate the roles in the future if it deems it advisable and in the Company's best interests to do so.

### Board Oversight of Risk

The Board of Directors has overall responsibility for risk oversight and focuses on the most significant risks facing the Company. In this regard, the Board seeks to understand the material risks we face and to allocate among the full Board and its committees responsibilities for oversight of how management addresses those risks, including the risk management systems and processes management uses for this purpose. Overseeing risk is an ongoing process. Accordingly, the Board considers risks faced by the Company periodically throughout the year and at such other times as the Board considers appropriate with respect to specific proposed actions. The Chairman and CEO is responsible for keeping the Board apprised of material risks facing the Company.

The Board implements its risk oversight function both as a whole and through delegation to various committees. These committees meet regularly and report back to the full Board. The following committees play important roles in carrying out the Board's risk oversight function:

- *The Corporate Governance and Nominating Committee:* The Corporate Governance and Nominating Committee is responsible for overseeing risk management throughout the year. In this regard, the Chairman and CEO updates the Corporate Governance and Nominating

Committee on material risks facing the Company and how management is addressing such risks and the Corporate Governance and Nominating Committee discusses these risks at each of its regularly scheduled quarterly meetings and more frequently as necessary.

- *The Audit Committee:* The Audit Committee oversees our processes for assessing financial-related risks and the effectiveness of our system of internal controls. In performing this function, the Audit Committee reviews and discusses with our independent registered public accounting firm and management the Company's significant risk exposures and the steps management has taken to monitor and control such exposures.
- *The Compensation Committee:* The Compensation Committee oversees risks related to the Company's compensation structure and assesses whether the Company's compensation structure establishes appropriate incentives for management and employees.

The Board believes that our leadership structure, discussed under "Board Leadership" above, supports the risk oversight function of the Board. We have a combined Chairman and CEO who keeps the Board informed about the risks we face. In addition, independent directors chair and serve on the various committees involved with risk oversight. We also encourage open communication between senior management and directors.

*Risk Considerations in Our Compensation Program.* The Company's management has conducted an assessment of the risk associated with the Company's current compensation programs covering its employees, including executives. Management's risk assessment considered the following:

- The Company's compensation programs appropriately balance fixed compensation with short-term and long-term variable compensation and cash-based compensation with equity-based compensation such that no one pay element would motivate employees to engage in excessive risk taking.
- The design of the Company's annual incentive program does not lend itself to excessive risk taking because we:
  - fund annual incentive awards based on a variety of pre-established performance conditions, thus diversifying the risk associated with any single indicator of performance;
  - establish performance targets that are objectively determined with verifiable results;
  - incorporate pre-established caps in any awards; and
  - retain discretion to decrease bonus payouts.
- The Company's long-term incentive program encourages employees to focus on the long-term success of the Company by providing a mix of stock options, which only reward employees if the Company's stock price increases, and restricted stock, which generates a relatively stable source of income, reducing the motivation employees may have to take excessive risks.

#### ***Communications with Directors***

Stockholders and other interested parties may communicate with the Board of Directors by writing c/o the Corporate Secretary, Liquidity Services, Inc., 1920 L Street, NW, 6<sup>th</sup> Floor, Washington, DC 20036. Communications intended for a specific director or directors should be addressed to the attention of the relevant individual(s) c/o the Corporate Secretary at the same address.

Our Corporate Secretary will review all correspondence intended for the Board and will regularly forward to the Board a summary of such correspondence and a copy of correspondence that, in the opinion of the Corporate Secretary, is of significant importance to the functions of the Board or otherwise requires the Board's attention. Directors may at any time review a log of all correspondence

received by the Corporate Secretary that is intended for the Board and request copies of any such correspondence.

In addition, the Audit Committee has established a procedure for parties to submit concerns regarding what they believe to be questionable accounting, internal accounting controls and auditing matters. Concerns may be reported through our Compliance Hotline at (888) 475-8376. Concerns may be submitted anonymously and confidentially.

### ***Director Independence***

The Board makes an affirmative determination regarding the independence of each director annually, based upon the recommendation of the Corporate Governance and Nominating Committee. Under the NASDAQ Stock Market, Inc. listing standards, an independent director is a person that the Board of Directors determines to be free of any relationship with Liquidity Services that, in the opinion of the Board, would interfere with the exercise of such person's independent judgment in carrying out the responsibilities of a director, and to meet the then-current objective standards for "director independence" set forth in the listing standards. The Board has not established categorical standards or guidelines to use in making these independence determinations but considers all relevant facts and circumstances. In addition to the Board-level standards for director independence, the directors who serve on the Audit Committee each must satisfy standards established by the SEC, which provide that to qualify as "independent" for the purposes of membership on that committee, members may not accept, directly or indirectly, any consulting, advisory, or other compensatory fee from Liquidity Services other than their director compensation.

The Board of Directors has determined that each of our directors other than Mr. Angrick, our Chairman and CEO, and Mr. Mateus-Tique, our former President and Chief Operating Officer, qualifies as "independent" in accordance with the NASDAQ Stock Market, Inc. listing standards, as follows: Mr. Clough, Mr. Ellis, Mr. Gross, Mr. Kramer and Mr. Perdue. In addition, Mr. Fowler, who retired from the Board in February 2011, also qualified as an "independent" director.

### ***Code of Business Conduct and Ethics***

Our Board of Directors has adopted a Corporate Code of Business Conduct and Ethics (the "Code") applicable to all of our directors, officers and employees in order to protect and promote organization-wide integrity and to enhance Liquidity Services' ability to achieve its mission.

The Code embodies general principles such as compliance with laws, acting with honesty and integrity, avoidance of conflicts of interest, maintenance of accurate and timely financial and business records, use of the Company's assets for legitimate business purposes only, provision and acceptance of gifts to or from customers, suppliers and governments in compliance with law, protecting the Company's information and dealing fairly with other companies.

All directors, officers, and employees are obligated to report violations and suspected violations of the Code and any concerns they may have pertaining to non-compliance with the Code by following certain procedures described in the Code. All reports of suspected Code violations will be forwarded to the General Counsel, except for complaints and concerns involving accounting or auditing matters, which will be handled in accordance with procedures established by the Audit Committee.

The Code is available on our website, [www.liquidityservicesinc.com](http://www.liquidityservicesinc.com), at "Investors—Corporate Governance—LSI—Code of Business Conduct and Ethics." A free printed copy is available to any stockholder who requests it by writing to us at the address on page 1. We intend to disclose future amendments to certain provisions of the Code, or waivers of such provisions granted to executive officers and directors, on our website within four business days following the date of such amendment or waiver.

**Board and Committee Membership**

Our bylaws provide that our Board of Directors shall consist of at least three members. The exact number of members of our Board of Directors will be determined from time to time by resolution of our Board of Directors. Our Board of Directors currently is composed of seven directors, divided into three classes: Class I, Class II and Class III. The term for each class of directors expires at successive annual meetings. The Class I directors are William P. Angrick, III and David A. Perdue, Jr., the Class II directors are Phillip A. Clough, George H. Ellis and Jaime Mateus-Tique, and the Class III directors are Patrick W. Gross and Franklin D. Kramer.

The Board of Directors met ten times and acted once by unanimous written consent during fiscal 2011. Each of our directors attended 75% or more of the aggregate of the total number of meetings of the Board of Directors held while he was a director and of each standing committee on which he served during the period in which the director served as a member of that committee. Our Board has adopted a policy that our directors are encouraged to attend each Annual Meeting of Stockholders. Four members of our Board of Directors attended the 2011 Annual Meeting.

The table below provides membership information for the Board of Directors and for each standing committee of the Board as of the date of this proxy statement.

The members of the Audit Committee as of the date of this proxy statement are Messrs. Ellis (Chair), Gross and Kramer. The Board of Directors has determined that each is independent, as defined by the Company's director independence standards and the rules of the NASDAQ Stock Market, Inc. and the SEC, and that Mr. Ellis is an "audit committee financial expert" for purposes of the rules of the SEC.

Under the rules of the SEC, members of the Audit Committee must meet heightened independence standards. The Board of Directors has determined that each of Messrs. Ellis, Gross and Kramer meets these heightened independence standards.

See "Audit Committee Report" below for more information on the Audit Committee.

### ***The Corporate Governance and Nominating Committee***

Under the terms of its Charter, the Corporate Governance and Nominating Committee is responsible for identifying individuals qualified to become Board members, recommending director candidates to the Board, developing and recommending amendments to the Corporate Governance Principles to the Board and undertaking a leadership role in shaping corporate governance. Specifically, the committee is responsible for:

- Identifying, reviewing the qualifications of and recruiting candidates for election to the Board;
- Assessing the contributions and independence of incumbent directors in determining whether to recommend them for reelection to the Board;
- Reviewing and recommending changes to the Company's policies on stockholder recommendations of director candidates;
- Recommending to the Board candidates for election or reelection to the Board at each annual stockholders' meeting;

The Corporate Governance and Nomination Committee is also responsible for overseeing risk management at the Company throughout the year.

The Corporate Governance and Nominating Committee met four times and acted once by unanimous written consent during fiscal 2011.

The members of the Corporate Governance and Nominating Committee as of the date of this proxy statement are Messrs. Kramer (Chair), Gross, Clough, and Perdue. The Board of Directors has determined that each of the members of the Corporate Governance and Nominating Committee is independent, as defined by the Company's director independence standards and the rules of the NASDAQ Stock Market, Inc.

The Corporate Governance and Nominating Committee is responsible for recommending candidates for election to the Board and believes that candidates for director should have certain minimum qualifications, including the highest level of integrity, sound judgment, the ability to make independent analytical inquiries, the willingness to devote adequate time and resources to diligently perform Board duties and appropriate and relevant business experience and acumen. The Committee considers the number of other boards of public companies on which the candidate serves. The Committee believes that the Board should also include members who have specific industry experience and familiarity with general issues affecting our business, as discussed in more detail under "Item 1— Election of Directors" below.

The Committee evaluates candidates for the Board on the basis of the standards and qualifications set forth above, and seeks to achieve a diversity of strengths and backgrounds on the Board, particularly in the areas described below. The Committee's review of the skills and experience it seeks in the Board as a whole, and in individual directors, in connection with its review of the Board's composition, enables it to assess the effectiveness of its goal of achieving a Board whose members have a diversity of experiences. The Committee considers these criteria when evaluating director nominees in accordance with the procedures set forth below.

The Corporate Governance and Nominating Committee uses a variety of methods to identify and evaluate candidates for director. Candidates may come to the attention of the Committee through current Board members, professional search firms (to whom we pay a fee), stockholders or other persons. The Committee did not use a professional search firm in fiscal 2011.

The Company's Corporate Governance Principles contain a policy addressing the consideration of candidates for director suggested by our stockholders. Pursuant to this policy, the Committee will consider candidates for director suggested by our stockholders, provided that the recommendations are made in accordance with the procedures required under our bylaws and described in this proxy statement under the heading "Requirements, Including Deadlines, for Submission of Proxy Proposals, Nomination of Directors and Other Business of Stockholders." Director candidates recommended by stockholders in accordance with these procedures and who meet the criteria outlined above, in the Committee's Charter and in our Corporate Governance Principles will be evaluated by the Corporate Governance and Nominating Committee in the same manner as other director candidates.

### **COMPENSATION OF NON-EMPLOYEE DIRECTORS**

Our non-employee directors receive a combination of equity and cash compensation for service on our Board of Directors. Directors who are employed by the Company (including Mr. Angrick) do not receive any compensation for their service as directors. The Compensation Committee, in consultation with Towers Watson, its independent compensation consultant, periodically reviews non-employee director compensation and recommends changes based on competitive market data. In January 2011, the Compensation Committee recommended keeping the non-employee director compensation program for fiscal 2011 the same as the program in place for fiscal 2010, except to increase the additional retainer for the Audit Committee Chairman from \$10,000 to \$15,000, and the Board of Directors approved this recommendation.

For fiscal 2011, each of our non-employee directors received an annual cash retainer of \$30,000. Committee chairs received an additional annual retainer as follows: \$15,000 for the Audit Committee and \$5,000 for each of the Compensation Committee and the Corporate Governance and Nominating Committee. All amounts paid to our non-employee directors are paid quarterly in arrears, unless an election was made otherwise, except that retainers for committee chair service are paid in advance. Our non-employee directors have the opportunity to receive payment of their cash retainers in the form of stock option grants or grants of restricted stock by making an irrevocable one-time annual election. Stock options received pursuant to this election vest on the last day of the fiscal year with respect to which such stock options were granted. All restrictions applicable to the restricted shares received pursuant to this election also lapse on the last day of the fiscal year with respect to which such restricted shares were granted.

In addition to a cash retainer, non-employee directors also receive equity-based compensation. Annual non-employee director equity awards are granted in February, coinciding with our annual meeting, and vest on the one-year anniversary of the grant date, subject to the director's continued service with the Company through that date. Stock options granted to non-employee directors expire ten years from the date of grant. Annual cash retainers and equity compensation for new non-employee directors is pro-rated based on when they join the Board during the fiscal year.

For fiscal 2011, each non-employee director received an annual equity award with an aggregate value of \$90,000 granted under the Liquidity Services, Inc. 2006 Omnibus Long-Term Incentive Plan. Sixty percent of the annual equity award was provided in the form of stock options with a grant date fair value of \$54,000, and forty percent of the annual equity award was provided in the form of restricted stock having a grant date fair value of \$36,000. On February 1, 2011, we granted each of our non-employee directors options to purchase 15,012 shares of our common stock with an exercise price per share of \$14.30 and 2,517 shares of restricted stock. The determination of the number of stock options to be granted was made using the Black-Scholes model. The number of shares of restricted stock to be granted was determined by dividing the value of the award by the closing price of our common stock on the grant date.

The non-employee director compensation described above is summarized in the following table:

<u>Annual Compensation Element for Role</u>	<u>Board Compensation</u>
<b>General Board Service—Cash Retainer</b>	\$30,000
<b>Committee Chair Service—Cash Retainer</b>	
Audit Compensation	\$15,000
Corporate Governance and Nominating	\$5,000
<b>General Board Service—Equity</b>	
Stock Option Value (60%)	\$54,000
Restricted Stock Value (40%)	\$36,000
Vesting Schedule	Stock options and restricted stock vest on the one-year anniversary of the grant date

In addition to the compensation described above, our non-employee directors are reimbursed for expenses they incur in attending meetings of the Board of Directors or Board committees.

**DIRECTOR COMPENSATION FOR FISCAL 2011**

The following table sets forth the total cash and equity compensation paid to our non-employee directors for their service on the Board of Directors and committees of the Board of Directors during fiscal 2011:

<u>Name</u>	<u>Retainer fees paid in cash \$(1)</u>	<u>Stock Awards \$(2)(3)</u>	<u>Option Awards \$(2)(4)</u>	<u>Total (\$)</u>
Phillip A. Clough	\$ 30,000	36,000	54,000	\$ 120,000
George H. Ellis	45,000	36,000	54,000	135,000
F. David Fowler(5)	10,000	—	—	10,000
Patrick W. Gross	35,000	36,000	54,000	125,000
Franklin D. Kramer	35,000	36,000	54,000	125,000
Jaime Mateus-Tique	30,000	36,000	54,000	120,000
David A. Perdue	30,000	36,000	54,000	120,000

- (1) Retainer fees, at the election of each director, may be paid in cash or in the form of stock options or restricted stock. For fiscal 2011, Messrs. Clough and Perdue elected to receive their retainer fees in the form of restricted stock. As a result, Messrs. Clough and Perdue each were granted 2,098 shares of restricted stock with a grant date fair value of \$30,000, on February 1, 2011. The restrictions on these shares will lapse on February 1, 2012.
- (2) The amounts reported in these columns reflect the aggregate grant date fair value of grants of stock options and restricted stock awards to each of the non-employee directors, computed in accordance with U.S. generally accepted accounting principles, disregarding estimates of forfeitures related to service-based vesting conditions. For additional information about the assumptions used in these calculations, see Note 2 to our audited consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended September 30, 2011. As described above, in fiscal 2011, each nonemployee director was granted options to purchase 15,012 shares of our common stock with a grant date fair value of approximately \$54,000. Each non-employee director also was granted 2,517 shares of restricted stock with a grant date fair value of approximately \$36,000. We calculate the grant date fair value of a restricted stock award by multiplying the closing price of our common shares on the grant date by the number of shares subject to such award.
- (3) At September 30, 2011, each of our non-employee directors held the following shares of unvested restricted stock: Phillip A. Clough, 4,615 shares; George H. Ellis, 2,517 shares; F. David Fowler, 0 shares; Patrick W. Gross, 2,517 shares; Franklin D. Kramer, 2,517 shares; Jaime Mateus-Tique, 2,517 shares; and David A. Perdue, 4,615 shares.
- (4) At September 30, 2011, each of our non-employee directors held the following stock option awards, some of which were not fully vested: Phillip A. Clough, 78,352 options; George H. Ellis, 15,012 options; F. David Fowler, 0 options; Patrick W. Gross, 111,335 options; Franklin D. Kramer, 111,335 options; Jaime Mateus-Tique, 214,624 options; and David A. Perdue, 33,624 options.
- (5) Mr. Fowler retired from the Board of Directors in February 2011.

## CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

The Company did not participate in or review any potential related party transactions during fiscal 2011 and there currently are no proposed related party transactions. To be considered a related party transaction under current SEC rules, a transaction must include the Company as a participant, and one of our officers, directors or greater than 5% stockholders or a family member of such person must have a direct or indirect material interest in the transaction. To date, we have not participated in any related party transactions requiring disclosure as such under the SEC disclosure requirements. Should we consider participating in a related party transaction in the future, such transaction would be reviewed and subject to approval by the Audit Committee, in accordance with our written Audit Committee Charter. We have not adopted specific standards that would govern such review.

As a general matter, our written Code of Business Conduct and Ethics prohibits conflicts of interest. We consider a conflict of interest to exist when a person's private interest interferes in any way with the interests of our Company, including: (i) a conflict that makes it difficult for an employee, officer or director to perform his or her work objectively and effectively; (ii) when an employee, officer or director, or any member of his or her family, receives improper personal benefits as a result of his or her position in or with our Company; or (iii) when an employee, officer or director is engaged in a business or business activity that is in competition with or injurious to us. The Code of Business Conduct and Ethics requires that the General Counsel be consulted with any questions about conflicts of interest in addition to requiring that our directors and officers consult with the General Counsel before engaging in any potential conflict of interest transactions.

In evaluating director candidates, and considering incumbent directors for renomination, the Board and the Corporate Governance and Nominating Committee consider a variety of factors as discussed above under "The Corporate Governance and Nominating Committee." Among other things, the Board has determined that it is important to have individuals with the following skills and experiences on the Board:

- *Industry experience and Company knowledge.* We believe that it is important for our directors to have knowledge of the Company and the online auction marketplace industry, which is relevant to understanding the Company's business, operations and strategy.
- *Senior leadership experience.* We believe that it is important for our directors to have served in senior leadership roles at other organizations, which demonstrates strong abilities to motivate and manage others and to identify and develop leadership qualities in others.
- *High-growth company experience.* As a high-growth company, it is important for our directors to have experience with other companies that have undergone periods of significant growth because they can provide insight on the challenges faced by companies in these situations, including how to balance strategic acquisitions with organic growth, manage expectations about the scope, speed and success of our growth strategy and leverage operational infrastructure to support expansion.
- *Public company board experience.* Directors who have served on other public company boards can offer advice and perspective with respect to Board dynamics and operations; the relationship between the Board and Company management; and other matters, including corporate governance, executive compensation and oversight of strategic, operational and compliance-related matters.
- *Media and technology experience.* As a provider of online marketplaces, it is important for our directors to have media and technology experience, especially as this experience relates to the Internet.
- *Financial and accounting experience.* We believe that it is important for our directors to have knowledge of finance and financial reporting processes, which is relevant to understanding and evaluating the Company's capital structure and overseeing the preparation of its financial statements.
- *Legal experience.* Directors who have legal experience can assist the Board in fulfilling its responsibilities related to the oversight of the Company's legal and regulatory compliance efforts, and engagement with regulatory authorities.
- *Government experience.* Directors who have served in positions with government contractors, in government positions or have other experience working with federal, state, local or foreign governments can provide experience and insight into bidding for and obtaining government contracts and working constructively with governments around the world.

The specific qualifications and experience of the individual directors and nominees and certain other information are set forth on the following pages. For more information on the director nomination process, refer to "The Corporate Governance and Nominating Committee" above.

**ITEM 3—Approval of an Advisory Resolution on Executive Compensation**

We are asking stockholders to approve an advisory resolution on the Company's executive compensation as reported in this proxy statement. As described below in the "Compensation Discussion and Analysis" section of this proxy statement, the Compensation Committee's goals in setting executive compensation are to support the attainment of our short- and long-term financial and strategic objectives, reward executives for continuous growth in earnings and stockholder value, and align executives' interests with those of our stockholders. To achieve these goals, our executive compensation structure emphasizes performance-based compensation, including annual incentive compensation and stock-based awards.

We urge stockholders to read the "Compensation Discussion and Analysis," beginning on page 33 of this proxy statement, which describes in more detail how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the Summary Compensation Table and other related compensation tables and narrative, appearing on pages 48 through 63, which provide detailed information on the compensation of our named executive officers. The Board of Directors and the Compensation Committee believe that the policies and procedures articulated in the "Compensation Discussion and Analysis" are effective in achieving our goals and that the compensation of our named executive officers reported in this proxy statement reflects and supports these compensation policies and procedures.

In accordance with Section 14A of the Exchange Act, and as a matter of good corporate governance, stockholders will be asked at the Annual Meeting to approve the following advisory resolution:

RESOLVED, that the stockholders of Liquidity Services, Inc. (the "Company") approve, on an advisory basis, the compensation of the Company's named executive officers described in the Compensation Discussion and Analysis and disclosed in the Summary Compensation Table and the related compensation tables, notes and narrative in the Proxy Statement for the Company's 2012 Annual Meeting of Stockholders.

This advisory resolution, commonly referred to as a "say-on-pay" resolution, is non-binding on the Board of Directors. Although non-binding, the Board and the Compensation Committee will review and consider the voting results when making future decisions regarding our executive compensation program.

The Board of Directors has adopted a policy providing for annual "say-on-pay" advisory votes. Unless the Board of Directors modifies its policy on the frequency of holding "say-on-pay" advisory votes, the next "say-on-pay" advisory vote will occur in 2013.

**Your Board of Directors unanimously recommends a vote FOR the advisory resolution on executive compensation.**

## EXECUTIVE COMPENSATION

### Compensation Discussion & Analysis

This section describes our compensation strategy, programs and practices for the executive officers listed in the Summary Compensation Table that follows this discussion. In this proxy statement, we refer to these individuals as our named executive officers.

### Executive Summary

Our executive compensation philosophy and the elements of our executive compensation program with regard to fiscal 2011 are summarized below:

- The main objectives of our executive compensation program are to support the attainment of our short- and long-term financial and strategic objectives, reward executives for continuous growth in earnings and stockholder value, and align executives' interests with those of our stockholders.
- Our executive compensation program emphasizes performance-based compensation, including annual incentive compensation and stock-based awards, including stock options and restricted stock.
- Our Compensation Committee is responsible for evaluating and setting the compensation levels of our named executive officers. In setting compensation levels for executives, the Committee solicits the input and recommendations of our Chairman and CEO. The Compensation Committee periodically engages an independent compensation consultant to conduct market reviews of our competitive market for executive talent. The Committee engaged Towers Watson to conduct a review of new market data for use in determining fiscal 2011 compensation levels.
- Compensation for our named executive officers during fiscal 2011 generally was higher than target levels as a result of the Company's and our named executive officers' strong performance. The Company's fiscal 2011 performance led to above-target annual incentive compensation for most of our named executive officers because we exceeded established target goals for company financial performance under our annual incentive bonus plan. As discussed in more detail below,

we did not achieve all of our target performance goals for the Asset Recovery marketplace. Our named executive officers received bonuses ranging from 82% to 188% of their respective targets.

- To support the retention and incentive purposes of our executive compensation program, in fiscal 2011 each of our named executive officers received stock option, time-based restricted stock awards and performance-based restricted stock awards.

## **General Compensation Philosophy**

Liquidity Services' executive compensation programs are designed to support the attainment of our short- and long-term financial and strategic objectives, reward executives for continuous growth in earnings and stockholder value, and align executives' interests with those of our stockholders. The goal of Liquidity Services' compensation programs is to attract, retain and motivate key executives, and to encourage a long-term commitment to Liquidity Services. To achieve these objectives, the Compensation Committee uses a variety of compensation elements, including: base salary, annual cash incentive compensation, long-term incentive compensation and certain other compensation and benefits.

*Factors Considered When Determining Compensation.* The Compensation Committee seeks to set executive compensation at competitive levels that the Compensation Committee considers appropriate for a company of our size and stage of growth. On an annual basis, the Compensation Committee determines and approves the total compensation level of each of our named executive officers based on its evaluation of external market conditions, Company performance and each named executive officer's individual performance relative to pre-established performance goals and objectives. The Compensation Committee also considers each executive's level of experience, unique skills and abilities critical to the Company, and the executive's tenure, position and responsibilities with the Company. The Compensation Committee considers recommendations from the Chairman and CEO regarding levels for base salary, annual incentive awards and long-term incentive awards for named executive officers. The Chairman and CEO annually provides to the Compensation Committee historical and prospective breakdowns of the total direct compensation components for each named executive officer. The Chairman and CEO also recommends financial and non-financial performance goals for each named executive officer under the annual cash incentive compensation plan.

*Market Data.* Periodically, the Compensation Committee has engaged a leading industry compensation consultant to assess the market competitiveness of our executive compensation program so that our program attracts and retains executive talent essential to achieve our business plans. During fiscal 2010, the Compensation Committee engaged Towers Watson to assess the market competitiveness of our executive compensation program for purposes of evaluating and setting fiscal 2011 executive compensation. The scope of Towers Watson's work included a review of the Company's executive compensation practices, assistance with development of an appropriate peer group, and presentation to the Compensation Committee of a report regarding executive compensation trends for similarly sized companies and the market competitiveness of our executive compensation program. During fiscal 2010, Towers Watson was engaged directly by the Compensation Committee and did not provide any services to the Company other than the executive and director compensation consulting services described above.

To assist the Compensation Committee in its market review for fiscal 2011, the Committee's compensation consultant prepared an analysis of the market competitiveness of the aggregate value of total direct compensation (base salary, annual incentive bonus and long-term incentives) as well as the market competitiveness of each element of compensation for each named executive officer. The market review was based upon two different sources of compensation data provided by Towers Watson—published surveys and a selected peer group of e-commerce companies. The survey sources relied upon for the market review were national surveys and contained compensation data for both high-technology sector companies as well as similarly sized general industry companies. These survey sources were the

2010 Towers Watson CDB Executive Compensation Database; the 2010 Towers Watson Long-term Incentive Plan Report and the 2010/2011 Towers Watson Industry Report on Top Management Compensation. The survey data was used as a market reference to assess how the Company's compensation practices for top executives compare to market practices and to confirm that the overall compensation mix is reasonably aligned with the marketplace.

The peer companies utilized in Towers Watson's review were approved by the Compensation Committee and were the same as the Company's fiscal 2010 peer group. The peer group data was based on the then most recent publicly available information. In selecting the companies for inclusion in the peer group, the Compensation Committee considered revenue, market capitalization, number of employees, geographic area, and companies with an internet presence or technology focus. The peer group included companies with revenues ranging from \$76 million to \$1.00 billion. The peer group companies for the fiscal 2011 review were:

- GSI Commerce Inc.
- 1-800-FLOWERS.COM Inc.
- Overstock.com Inc.
- The Corporate Executive Board
- VistaPrint Ltd.
- NeuStar Inc.
- TNS Inc.
- Blackboard Inc.
- Blue Nile Inc.
- Deltek Inc.
- TeleCommunication Systems Inc.
- CoStar Group Inc.
- Rosetta Stone Inc.
- BIDZ.com Inc.
- U.S. Auto Parts Network Inc.
- Online Resources Corp.
- GeoEye Inc.
- LoopNet Inc.

The compensation decisions specific to each component of total direct compensation for the named executive officers are discussed below.

*Pay Mix.* Because our named executive officers are in a position to directly influence the Company's performance, a significant portion of their compensation is delivered in the form of annual cash incentive bonus and long-term incentive compensation. We rely on a mix of compensation components intended to reward short-term results (in the form of annual cash incentive bonuses) and motivate long-term performance (in the form of option and restricted stock grants that vest over several years). We do not have a specific allocation target between cash and equity-based compensation or between annual and long-term incentive compensation. Instead, we retain the flexibility when determining the compensation mix to react to our evolving business environment and our specific hiring and retention requirements. In fiscal 2011, approximately 69% or more of each of our named executive officer's target total direct compensation, including approximately 79% of the target total direct compensation for the Chairman and CEO, was performance-based and/or tied directly to the performance of our stock (in the form of target annual cash incentive bonuses and stock options and restricted stock awards), consistent with the Company's compensation philosophy to link executive compensation with stockholder returns and achievement of strategic business objectives.

### **Base Salary**

*Purpose.* Salaries for named executive officers are designed to be competitive when compared with prevailing market rates and are based on a variety of factors, including level of responsibility, performance and the recommendations of the Chairman and CEO. Base salaries are reviewed annually or at the time of promotion or other changes in responsibilities. In determining whether to award base salary increases, the Compensation Committee considers the Company's overall business outlook, the

Company's budget, the executive's individual performance, historical compensation, market compensation levels for comparable positions, internal pay equity and other factors, including any retention concerns. Under the terms of the employment agreements in place with our named executive officers, the Compensation Committee may not adjust the salary of a named executive officer downward unless the named executive officer consents to a reduction.

The Compensation Committee utilizes a report of market compensation levels prepared by its independent compensation consultant in order to evaluate the executives' base salaries. The Compensation Committee generally seeks to set base salaries at the 50th percentile of the peer group, adjusting for experience and other factors such as tenure, individual performance and responsibilities.

*Fiscal 2011 Decisions.* The Compensation Committee approved base salary increases for each of the named executive officers other than Mr. Angrick in fiscal 2011. These increases primarily reflected a cost of living adjustment over the prior year's base salary. Effective October 1, 2010, the Compensation Committee approved base salaries in the following amounts for our named executive officers:

<u>Named Executive Officer</u>	<u>2011 Salary</u>	<u>2010 Salary</u>	<u>Percentage Increase</u>
William P. Angrick, III	\$ 395,000	\$ 395,000	0%
James M. Rallo	296,625	282,500	5%
Eric C. Dean	283,250	275,000	3%
Thomas B. Burton	283,250	275,000	3%
G. Cayce Roy	272,950	265,000	3%

### Annual Incentive Compensation

*Purpose.* Annual incentive compensation is an "at risk" performance-based cash bonus that is designed to motivate our named executive officers to achieve pre-established corporate financial and individual performance objectives that are consistent with the Company's strategic plan. Bonuses under the plan are payable if, and only to the extent that, these pre-established objectives are achieved. The Compensation Committee retains the discretion to increase or decrease payouts under the bonus plan in connection with its review of the Company's and the executive's performance during the year. The Compensation Committee exercised this discretion with respect to fiscal 2011 to increase the bonus payable to Mr. Burton by \$48,000 as an acknowledgment of outstanding performance over fiscal 2011. Compensation paid under the plan has varied significantly from year to year. For example, over the last three years, the bonus of our Chairman and CEO has ranged from 0 to 188% of his base salary.

The annual incentive bonus plan is also designed to attract and retain key employees by providing our named executive officers with a significant opportunity to earn additional annual cash compensation. As noted below, the target opportunities of our named executive officers range from 55% to 100% of base salary, with a maximum opportunity of between 150% and 205% of the target opportunity. The Committee strives to set the annual incentive plan target opportunity at the median of the peer group with potential for upper quartile pay based on superior performance of the Company and the individual.

*Fiscal 2011 Target Bonus Opportunities.* At the beginning of each fiscal year, the Committee establishes the performance goals and target and maximum cash bonus awards for each named executive officer. Each target and maximum cash bonus award is set as a percentage of each named executive officer's base salary. The amount of the cash bonus ultimately awarded depends on the achievement of performance goals. The "Grants of Plan-Based Awards for Fiscal 2011" table below shows the range of possible payments to each of our named executive officers under the annual incentive bonus plan in fiscal 2011.

For fiscal 2011, the annual incentive cash award target and maximum bonus of our named executive officers were:

<u>Named Executive Officer</u>	<u>Fiscal 2011 Target Bonus Percentage of Base Salary</u>	<u>Fiscal 2011 Annual Incentive Target</u>	<u>Fiscal 2011 Maximum Bonus Percentage of Base Salary</u>
William P. Angrick, III	100%	\$ 395,000	205%
James M. Rallo	60%	177,975	119%
Eric C. Dean	55%	155,788	94%
Thomas B. Burton	80%	226,600	120%
G. Cayce Roy	60%	163,770	100%

The Committee established these target and maximum cash bonus award opportunities based upon (1) the relative scope and responsibility of the named executive officer's position and his respective impact on overall Company performance and (2) comparative compensation data based on the Committee's review of the competitive market conducted for fiscal 2010. For fiscal 2011, the target bonus opportunity for each of our named executive officers remained the same as for fiscal 2010, except that Mr. Dean's target bonus opportunity was increased from 50% to 55% of his base salary, to reflect his increased responsibilities and the scope of his position. The Compensation Committee determined that the target bonus opportunities of our named executive officers (other than Mr. Burton) were at or near the 75<sup>th</sup> percentile of the competitive market data reviewed for fiscal 2010. The Committee determined that it was appropriate for Mr. Burton's target bonus opportunity to be above the 75<sup>th</sup> percentile because of the significance to the Company of his role as head of DOD Surplus and to incentivize participation in company-wide growth initiatives.

*Fiscal 2011 Performance Goals.* During the beginning of the fiscal year, the Compensation Committee established performance goals for the plan based on recommendations from management. For fiscal 2011, the Committee determined that awards under the plan for our named executive officers other than Messrs. Burton and Roy would be based on the achievement of two corporate performance goals and one marketplace performance goal (measured with respect to all marketplaces other than the DOD Surplus marketplace) and achievement of certain individual management objectives. For Messrs. Burton and Roy, the Committee determined that their bonuses tied to financial performance would be based almost entirely on marketplace-specific performance goals (the DOD Surplus marketplace with respect to Mr. Burton and the Asset Recovery marketplace with respect to Mr. Roy) rather than Company-wide performance metrics because of their leadership of the respective marketplaces, with the remainder of their bonuses based on the achievement of certain individual management objectives, a portion of which were tied to company-wide growth initiatives. The performance goals carry different weights for our named executive officers based on their position and responsibilities. Based on recommendations of management, Mr. Dean's performance goals in fiscal 2011 were significantly weighted towards the achievement of individual performance objectives. As described further below, the individual performance objectives for Mr. Dean include important strategic and operational goals that the Compensation Committee determined were necessary to further the

Company's strategic plan and profitability. The relative weights assigned to corporate, marketplace and individual goals for fiscal 2011 are as follows:

<u>Name and Principal Position</u>	<u>Corporate GMV</u>	<u>Corporate Adjusted EBITDA</u>	<u>Marketplace Performance*</u>	<u>Individual Performance</u>
William P. Angrick, III <i>Chairman and Chief Executive Officer</i>	25%	25%	25%	25%
James M. Rallo <i>Chief Financial Officer and Treasurer</i>	30%	30%	10%	30%
Eric C. Dean <i>Chief Information Officer</i>	20%	20%	10%	50%
Thomas B. Burton <i>President and Chief Operating Officer, DOD Surplus, LLC</i>	0%	0%	75%	25%
G. Cayce Roy <i>Executive Vice President and President, Asset Recovery Division</i>	0%	0%	85%	15%

\* Marketplace performance for Messrs. Angrick, Rallo and Dean is measured with respect to all marketplaces other than the DOD Surplus marketplace; for Mr. Burton, marketplace performance is measured with respect to the DOD Surplus marketplace; for Mr. Roy, marketplace performance is measured with respect to the Asset Recovery marketplace business.

Similar to fiscal 2010, the Committee's evaluation of the Company's financial performance under the plan for fiscal 2011 was based on two Company-wide goals—Gross Merchandise Volume (GMV) and Adjusted EBITDA. GMV measures the total sales volume of all merchandise sold through the Company's marketplaces during a given period. Adjusted EBITDA is based on the measurement of earnings before interest, taxes, depreciation and amortization, as adjusted for non-cash stock compensation expense. The Committee selected these metrics as the corporate performance measures because they continue to be key metrics used by management to measure the Company's business performance and the basis upon which we communicate forward-looking financial information to the investment community. The target GMV goal for fiscal 2011 was \$504.0 million, approximately 17% greater than fiscal 2010 results. If the Company had achieved a GMV of less than \$465.0 million, then no bonus would have been earned with respect to this goal. The target Adjusted EBITDA goal established for fiscal 2011 was \$45.0 million, reflecting an increase of approximately 20% over fiscal 2010 results. If the Company had achieved an Adjusted EBITDA of less than \$40.0 million, then no bonus would have been earned with respect to this goal. If the threshold goal for either GMV or Adjusted EBITDA had been achieved, then a named executive officer would have earned 40% of his target bonus percentage for that goal.

For Messrs. Angrick, Rallo and Dean, the performance goal selected to measure marketplace performance in all marketplaces other than the DOD Surplus marketplace for fiscal 2011 was based on the combined GMV of each of those marketplaces. Similar to the corporate metric, GMV for each marketplace is based on the measurement of the total sales volume of all merchandise sold through the respective marketplaces during a given period. Because we believe disclosure of the GMV results for these marketplaces would cause the Company competitive harm by publishing sensitive information that

would not otherwise be disclosed, the Company is not disclosing this target. The Committee cannot specify the degree of difficulty required to meet the GMV target, but believes that achievement of the target goal would have required substantial and sustained performance by these marketplaces. The target GMV goal was consistent with the Company's annual business plan and strategic objectives, and achievement of the target goal required extensive business development efforts, a significant increase in inventory velocity and continued improvement in service levels. Achievement of the target GMV goal required year over year growth of 17%, and achievement of the threshold GMV goal, which would have resulted in 40% of the target bonus percentage for this goal being earned, required year over year growth of 8%.

For Mr. Burton, marketplace performance for fiscal 2011 (which comprised 75% of his total annual bonus opportunity) was measured with respect to the DOD Surplus marketplace based on the marketplace's Contribution Margin, which we define as margin contributed from an individual marketplace before allocation of certain expenses, (*Weight: 60% of his total annual bonus opportunity*) and the marketplace's achievement of the following objectives (achievement at the level indicated for each goal would have resulted in a payout at target for that goal):

- Achieve inventory accuracy during fiscal 2011 for the DOD Surplus marketplace of 98.5% (*Weight: 7.5% of his total annual bonus opportunity*)
- Achieve average quarterly inventory velocity for fiscal 2011 for the DOD Surplus marketplace of 70 days (*Weight: 7.5% of his total annual bonus opportunity*)

Similar to the corporate metric, Contribution Margin for the DOD Surplus marketplace is based on the measurement of earnings before interest, taxes, depreciation and amortization, as adjusted for non-cash stock compensation expense. Because we believe disclosure of the Contribution Margin results for the DOD Surplus marketplace would cause the Company competitive harm by publishing sensitive information that would not otherwise be disclosed, the Company is not disclosing this target. The Committee cannot specify the degree of difficulty required to meet the Contribution Margin target, but believes that achievement of the target goal would have required substantial and sustained performance by the marketplace. The target Contribution Margin goal was consistent with the Company's annual business plan and strategic objectives, and achievement of the target goal required successfully executing marketing strategies, improving inventory accuracy and realizing significant operational efficiencies. Achievement of the target Contribution Margin goal required year over year growth of approximately 14%, and achievement of the threshold Contribution Margin goal, which would have resulted in 40% of the target bonus percentage for this goal being earned, required year over year growth of approximately 3% after excluding selected high value rolling stock sales from the prior year.

For Mr. Roy, marketplace performance for fiscal 2011 (which comprised 85% of his total annual bonus opportunity) was measured with respect to the Asset Recovery marketplace's Contribution Margin as a percentage of GMV (*Weight: 30% of his total annual bonus opportunity*) and the marketplace's achievement of the following objectives (achievement at the level indicated for each goal would have resulted in a payout at target for that goal):

- Have 36 clients with over \$400,000 in GMV for fiscal 2011 that are active in the fourth quarter (*Weight: 25% of his total annual bonus opportunity*)
- Achieve an auction defect rate in the fourth quarter of 4.5%, measured as a percentage of closed auctions (*Weight: 15% of his total annual bonus opportunity*)
- Achieve average quarterly inventory velocity for fiscal 2011 for the Asset Recovery marketplace of 40 days (*Weight: 15% of his total annual bonus opportunity*)

Similar to the corporate metric, Contribution Margin for the Asset Recovery marketplace is based on the measurement of earnings before interest, taxes, depreciation and amortization, as adjusted for non-cash stock compensation expense. Because we believe disclosure of the Contribution Margin results for the Asset Recovery marketplace would cause the Company competitive harm by publishing sensitive information that would not otherwise be disclosed, the Company is not disclosing this target. The Committee cannot specify the degree of difficulty required to meet the Contribution Margin target, but believes that achievement of the target goal would have required substantial and sustained performance by the marketplace. The target Contribution Margin goal was consistent with the Company's annual business plan and strategic objectives, and achievement of the target goal required extensive business development efforts, a significant increase in inventory velocity and continued improvement in service levels.

The individual performance goals established for each of our named executive officers varied based on his relative job responsibilities and emphasized improvement in metrics or operational objectives within the control of each named executive officer. Each of our named executive officers had three or four individual management objectives designed to further each of the following Company strategic initiatives: expansion of the Company's client base; optimization of recovery across all buyer channels; strengthening of operations, service levels and the client/buyer experience; and pursuit of organizational efficiencies to support scalable growth. Each individual management objective is weighted differently as noted below. To the extent that an objective was determined to be critical to the Company's strategy and business plan, it may have served as an individual objective of more than one named executive officer.

Our Chairman and Chief Executive Officer's individual performance was evaluated based on the following three individual objectives (which comprised 25% of his total annual bonus opportunity):

- Enhance our competitive position and grow our buyer and client base by advancing our M&A and partnership program (*Weight: 40%*)
- Expand our profile within the Fortune 1000 market by increasing our penetration of the capital assets marketplace (*Weight: 30%*)
- Leverage our buyer base to improve recovery by developing a universal buyer marketplace (*Weight: 30%*)

Mr. Rallo's individual performance was evaluated based on the following four individual objectives (which comprised 30% of his total annual bonus opportunity):

- Enhance our competitive position and grow our buyer and client base by advancing our M&A and partnership program (*Weight: 40%*)
- Expand our profile within the Fortune 1000 market by increasing our penetration of the capital assets marketplace (*Weight: 20%*)
- Expand client base by expanding our operations in Canada (*Weight: 20%*)
- Pursue organizational efficiencies and improve our organizational structure to reduce costs and support scalable growth (*Weight: 20%*)

Mr. Dean's individual performance was evaluated based on the following three individual objectives (which comprised 50% of his total annual bonus opportunity):

- Enhance our technology infrastructure through the development of cloud technology, and new data center and supporting technologies (*Weight: 30%*)
- Leverage our buyer base to improve recovery by developing a universal buyer marketplace (*Weight: 30%*)

- Pursue organizational efficiencies to support scalable growth by improving security, redundancy, reliability and scalability to meet growth plan (Weight: 40%)

Mr. Burton's individual performance was evaluated based on the following individual objectives (which comprised 25% of his total annual bonus opportunity):

- Expand our profile within the Fortune 1000 market by increasing our penetration of the capital assets marketplace
- Expand client base by leveraging domain expertise
- Leverage our buyer base to improve recovery by developing a universal buyer marketplace

Mr. Roy's individual performance was evaluated based on the following individual objectives (which comprised 15% of his total annual bonus opportunity):

- Enhance our competitive position and grow our buyer and client base by advancing our M&A and partnership program
- Expand our profile within the Fortune 1000 market by increasing our penetration of the capital assets marketplace
- Expand client base by expanding our operations in Canada
- Leverage our buyer base to improve recovery by developing a universal buyer marketplace

*Fiscal 2011 Results and Payouts.* At the end of the performance year, our Chairman and CEO assessed the achievement of the Company and individual performance goals and made a recommendation to the Committee regarding the annual bonus payouts. The target cash bonus of each of our named executive officers is shown in the "Grants of Plan-Based Awards for Fiscal 2011" table, and the actual amounts earned by our named executive officers are shown in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table, which amounts were paid to the executives after the end of the fiscal year.

In determining the amount of the fiscal 2011 awards, the Committee assessed the Company's and each named executive officer's performance measured against the previously described corporate, marketplace and individual management objectives. For fiscal 2011, the Company achieved GMV of \$559 million, which exceeded the target performance level, and Adjusted EBITDA of \$52.5 million, which equaled the maximum performance level, resulting in payouts for these components of 180% and 240% of target, respectively. The Company's marketplaces other than the DOD Surplus marketplace (but including the Asset Recovery marketplace) collectively achieved GMV that resulted in payout for that component at near the maximum level (233% of target).

The Compensation Committee awarded Mr. Angrick an annual cash incentive bonus of 188% of his target bonus, resulting in a bonus payment of \$743,588, based on our strong fiscal 2011 corporate performance and achievement of 100% of his individual objectives. Mr. Rallo was awarded 179% of his target bonus, resulting in a bonus payment of \$319,109, based on our strong fiscal 2011 corporate performance and achievement of 100% of his individual objectives. Mr. Dean was awarded 157% of his target bonus, resulting in a bonus payment of \$245,054, based on our strong fiscal 2011 corporate performance and achievement of 100% of his individual objectives.

Mr. Burton was awarded 153% of his target bonus, resulting in a bonus payment of \$347,639, based on the DOD Surplus marketplace's achievement of 149% of its Contribution Margin target, 112.5% of its inventory accuracy objective and 95% of its inventory velocity objective and Mr. Burton achieving 100% of his growth initiatives objective. In addition, as noted above, Mr. Burton's bonus payment also reflected a discretionary increase by the Compensation Committee in the amount of \$48,000 reflecting outstanding performance in fiscal 2011.

Mr. Roy was awarded 82% of his target bonus, resulting in a bonus payment of \$133,947, due to the Asset Recovery marketplace not achieving the threshold level for its Contribution Margin target, but achieving 94% of its objective relating to the number of clients with over \$400,000 in fiscal 2011 GMV, achieving 86% of its auction defects objective and 112.5% of its inventory velocity objective and Mr. Roy achieving 150% of his growth initiatives objective.

*Fiscal 2012 Bonus Plan.* At its November 2011 meeting, the Compensation Committee determined that the corporate financial measures for our fiscal 2012 annual incentive compensation plan will be GMV and Adjusted EBITDA, similar to our fiscal 2011 plan. The Compensation Committee decided to keep the marketplace performance measures for each named executive officer the same as in fiscal 2011. The Compensation Committee also kept bonus opportunities for our named executive officers consistent with fiscal 2010. The relative weight assigned to corporate, marketplace and individual goals for fiscal 2011 is as follows:

<u>Name and Principal Position</u>	<u>Corporate GMV</u>	<u>Corporate Adjusted EBITDA</u>	<u>Marketplace GMV*</u>	<u>Individual Performance</u>
William P. Angrick, III <i>Chairman and Chief Executive Officer</i>	25%	25%	25%	25%
James M. Rallo <i>Chief Financial Officer and Treasurer</i>	30%	25%	15%	30%
Eric C. Dean <i>Chief Information Officer</i>	20%	15%	15%	50%
Thomas B. Burton <i>President and Chief Operating Officer, DOD Surplus, LLC</i>	0%	0%	75%	25%
G. Cayce Roy <i>Executive Vice President and President, Asset Recovery Division</i>	0%	0%	85%	15%

\* Marketplace GMV for Mr. Burton is measured with respect to the DOD Surplus marketplace; for Mr. Roy marketplace GMV is measured with respect to the Asset Recovery marketplace; and for Messrs. Angrick, Rallo and Dean, marketplace GMV is measured with respect to all marketplaces other than the DOD Surplus marketplace, including the Asset Recovery marketplace.

### **Long-Term Incentive Compensation**

*Purpose.* We grant equity-based compensation to our named executive officers in order to attract, retain and reward our executives and strengthen the mutuality of interests between our named executive officers and Liquidity Services' stockholders. The Compensation Committee annually determines whether to grant stock options or other equity-based incentives to executives. In making its determinations, the Compensation Committee considers factors such as market data, the executive's and the Company's performance in the last year and the results achieved by the executive, the executive's base salary and the Compensation Committee's view regarding the future potential of long-term contributions of the executive. Recommendations of the Chairman and CEO are also taken into consideration.

The Compensation Committee historically had granted our named executive officers long-term incentive awards in the form of stock options. As in fiscal 2010, our long-term incentive compensation program in fiscal 2011 provided grants of stock options and restricted stock under our 2006 Omnibus Long-Term Incentive Plan, which has been approved by our stockholders.

The Compensation Committee has historically granted annual equity awards with respect to each fiscal year after financial results are available for the prior fiscal year at a regularly scheduled meeting. As the Compensation Committee's meeting schedule is established prior to the start of each fiscal year, the proximity of any award grants to earnings announcements or other market events is coincidental. For annual awards, the Compensation Committee's policy is to grant options and restricted stock awards on the date it approves them. The option exercise price is determined in accordance with the terms of the plan under which the award is granted (generally, the closing price on the date of grant) and cannot be less than the fair market value of our Common Stock as of that date. In addition to annual options awards, our named executive officers may receive stock options in connection with the commencement of employment or upon promotion. In these cases, the exercise price is typically the closing price of our common stock on the date the executive begins employment or the effective date of the promotion.

*Fiscal 2011 Annual Awards.* In fiscal 2011, the Compensation Committee granted a mix of stock options and time-based restricted stock awards to each of our named executive officers as part of the annual grant for fiscal 2011. Approximately 40% of the equity award value (not taking into account the special performance-based restricted stock awards described below) was in the form of stock options, and 60% was in the form of time-based restricted stock.

In determining the size of the annual grants to our named executive officers, the Compensation Committee considered the size of equity awards granted in fiscal 2010, the scope of job responsibilities, experience, individual performance and recommendations of management. Generally, the Committee seeks to target named executive officers' annual long-term incentive award values at a level between the 50th and 75th percentile of the Company's peer group based on a target value as a percentage of base salary (without taking into account the special performance-based restricted stock grants described below). The grant date fair values of options and restricted stock awarded to our named executive officers in fiscal 2011 were within or just below this range.

The grant date fair value of each of our named executive officer's stock options and time-based restricted stock awards as a percentage of base salary is as shown in the table below.

<u>Named Executive Officer</u>	<u>Grant Date Fair Value of Annual Award as a Percentage of Base Salary*</u>
William P. Angrick, III	227%
James M. Rallo	151%
Eric C. Dean	96%
Thomas B. Burton	81%
G. Cayce Roy	86%

\* These values do not include the value of the special performance-based restricted stock awards described below. We calculated the grant date fair value of stock options by multiplying the Black-Scholes value per option by the number of options awarded and of restricted stock (time- and performance-based) by multiplying the closing price of our common shares on the grant date times the number of restricted shares awarded.

*Fiscal 2011 Special Performance-Based Restricted Stock Awards.* In addition to the annual equity awards, we awarded each of our named executive officers special one-time grants of performance-based restricted stock. These awards were granted as a one-time challenge grant to incentivize the named executive officers to increase cross-company growth, particularly with respect to the marketplaces other than the DOD Surplus marketplace. These awards will vest in installments at the end of each fiscal year as and when we achieve certain pre-established goals with respect to the combined GMV in all marketplaces other than the DOD Surplus marketplace. As of the end of fiscal 2011 we had not yet achieved the combined GMV for the non-DOD Surplus marketplace required to trigger vesting of a portion of these awards and as such no portion of the awards were vested as of the end of fiscal 2011. Because we believe disclosure of the GMV results for these marketplaces would cause the Company competitive harm by publishing sensitive information that would not otherwise be disclosed, the Company is not disclosing this target. The Committee cannot specify the degree of difficulty required to meet the GMV target, but believes that achievement of the target goal would have required substantial and sustained performance by these marketplaces over a period of multiple years. For 100% of these awards to vest, we would need to grow the combined GMV of these marketplaces by 392% over the existing base as of the beginning of fiscal 2011.

The number of stock options and time-based and performance-based restricted shares granted to our named executive officers in fiscal 2011 is included in the "Grants of Plan-Based Awards for Fiscal 2011" table. The terms and conditions of the grants are more fully described in the footnotes and narrative following that table.

*Fiscal 2012 Equity Awards.* At its November 2011 meeting, the Compensation Committee granted each of our named executive officers a mix of stock options and time-based restricted stock awards for fiscal 2012. Approximately 40% of the equity award value was in the form of stock options, and 60% was in the form of restricted stock.

### **Other Compensation and Benefit Programs**

Our named executive officers are eligible to participate in benefit plans that are available to substantially all of our employees, including participation in the Liquidity Services, Inc. 401(k) Profit Sharing and Trust Plan, medical insurance, dental insurance, life insurance and disability insurance programs.

Except with respect to Mr. Burton and Mr. Roy, we do not provide our named executive officers with any additional benefits or perquisites not available to all other employees. In fiscal 2011, Mr. Burton was provided the use of a Company-owned car and Mr. Roy was provided with a housing allowance. The value of these benefits is described in the footnotes to the "Summary Compensation Table" below.

### **Employment Agreements**

We have entered into employment agreements with each of our named executive officers that provide for, among other things, specified payments in the event of termination of employment in certain circumstances. The terms of these agreements are described under "Employment Agreements" below. The Committee believes it is important to provide our named executive officers with some measure of financial security in the event that their employment with the Company is terminated without cause or in connection with certain unforeseen circumstances. The Committee believes that these arrangements encourage an executive to comply with post-termination restrictive non-competition covenants and to cooperate with the Company both before and after his employment is terminated. The Committee believes that these arrangements are reasonable and that it is beneficial to have agreements in place that specify the exact terms and benefits an executive receives if the Company elects to terminate a named executive officer's employment.

## **Stock Ownership**

There are no equity ownership requirements or guidelines that any of our employees must meet or maintain. Our current named executive officers collectively own a significant amount of Company Common Stock. As of the Record Date, as a group, our named executive officers owned 31.4% of the Company's Common Stock.

## **2011 "Say-on-Pay" Advisory Vote on Executive Compensation**

The Company provided stockholders a "say-on-pay" advisory vote on its executive compensation in 2011 under recently adopted Section 14A of the Securities Exchange Act of 1934, as amended. At the Company's 2011 Annual Meeting of Stockholders, stockholders expressed substantial support for the compensation of our NEOs, with approximately 98% of the votes cast for approval of the "say-on-pay" advisory vote. The Committee carefully evaluated the results of the 2011 advisory vote at its April meeting. The Committee also considers many other factors in evaluating the Company's executive compensation programs as discussed in this Compensation Discussion and Analysis, including the Committee's assessment of the interaction of our compensation programs with our corporate business objectives, evaluations of our programs by external consultants, and review of peer group data, each of which is evaluated in the context of the Committee's fiduciary duty to act as the directors determine to be in stockholders' best interests. While each of these factors bore on the Committee's decisions regarding our NEOs' compensation, the Committee did not make any changes to our executive compensation program and policies as a result of the 2011 "say-on-pay" advisory vote.

## **Deductibility of Executive Compensation**

Section 162(m) of the Internal Revenue Code of 1986, as amended (Internal Revenue Code), limits publicly-held companies to an annual deduction for federal income tax purposes of \$1 million for compensation paid to a company's chief executive officer and the three other most highly compensated executive officers (not including the chief financial officer) determined at the end of each year. This limitation does not apply to compensation that meets the requirements under Section 162(m) for "qualifying performance-based" compensation. For fiscal 2011, payments of annual bonuses and the grants of stock options and performance-based restricted stock awards were intended to qualify as performance-based compensation.

**Summary Compensation Table**

The following table summarizes the compensation of our named executive officers, which includes our principal executive officer, principal financial officer and our three other most highly compensated executive officers.

- Amounts shown represent the threshold, target and maximum awards that could be earned by the named executive officer under our annual incentive bonus plan for fiscal 2011. Actual bonuses paid for fiscal 2011 are shown in the Summary Compensation Table in the "Non-Equity Incentive Plan Compensation" column. For a discussion of this plan, see "Executive Compensation—Annual Incentive Compensation."
- Amounts shown represent the number of performance-based restricted shares that could be earned by the named executive officer if the performance goal described under "Executive Compensation—Long-Term Incentive Compensation" is achieved in full. The performance-based restricted shares reported in this column were granted under the Liquidity Services, Inc. 2006 Omnibus Long-Term Incentive Plan.
- The time-based restricted stock reported in this column was granted under the Liquidity Services, Inc. 2006 Omnibus Long-Term Incentive Plan, with 25% vesting on October 1, 2011 and 25% vesting on each of the first three anniversaries of October 1, 2011.
- The stock options reported in this column were granted under the Liquidity Services, Inc. 2006 Omnibus Long-Term Incentive Plan, with 25% vesting on October 1, 2011 and 2.083% vesting each month thereafter for 36 months. The options have a term of 9 years and 10 months.
- The stock options have an exercise price equal to the closing price of our common stock on the grant date (\$15.47), except that the stock options granted to Mr. Angrick have an exercise price equal to 110% of the closing price of our common stock on the grant date (\$17.02).
- The amounts reported in this column for awards represent the full grant date fair value of the awards calculated in accordance with U.S. generally accepted accounting principles. The value of the time-based and performance-based restricted stock as of the grant date is calculated by multiplying the closing price of our common shares on the grant date times the number of restricted shares awarded. For performance-based restricted stock, this value is calculated assuming the maximum performance levels are attained. The value of the option awards as of the grant date is calculated by multiplying the Black-Scholes value by the number of options awarded. The grant date fair value per option for the stock options granted on November 30, 2011 was \$7.35 for Mr. Angrick and \$7.73 for Messrs. Rallo, Dean, Burton, and Roy, computed in accordance with U.S. generally accepted accounting principles. For additional information about the assumptions used in these calculations, see Note 2 to the audited consolidated financial statements of the Company included in our Annual Report on Form 10-K for the fiscal year ended September 30, 2011.

The following is a description of material factors necessary to understand the information regarding the awards reflected in the "Grants of Plan-Based Awards for Fiscal 2011" table.

For information regarding the incentive compensation plan, please see "Annual Incentive Compensation" above. Awards under this plan are paid in cash.

Stock option awards granted in fiscal 2011 were granted under our 2006 Omnibus Long-Term Incentive Plan. The 2006 plan provides that the option price of each option shall be at least the fair market value on the grant date of a share of our common stock; provided, however, that if the grantee is a 10% stockholder, the option price of an option granted to such person will be at least 110% of the fair market value on the grant date. Under the plan, the fair market value of a share of common stock is generally the closing price of our common stock on the grant date.

The option awards reflected in the "Grants of Plan-Based Awards for Fiscal 2011" table under "2011 Stock Options" are qualified and non-qualified stock options to purchase shares of our common stock which were approved by the Compensation Committee and granted to the named executive officers as a part of our 2011 annual grant of long-term incentive awards. The options vest 25% on October 1, 2011 and 2.083% per month thereafter for the following 36 months. The options may vest earlier upon a change of control of the Company if the options are not assumed or substituted by the surviving corporation. Unvested options will also vest if the executive is involuntarily terminated by the Company within one year following a change of control. The options have a term of 9 years and 10 months, but that term may be shorter in the event of death, disability or termination of service.

The stock awards reflected in the "Grants of Plan-Based Awards for Fiscal 2011" table under "2011 Restricted Stock" are time-based restricted stock awards which were approved by the Compensation Committee and granted to the named executive officers as a part of our 2011 annual grant of long-term incentive awards. These awards vest 25% on October 1, 2011 and 25% on each of the first three anniversaries of October 1, 2011. The restricted shares can accrue dividend equivalents that would be payable upon the lapse of the restrictions applicable to such shares. The restricted stock may vest earlier upon a change of control of the Company if the awards are not assumed, continued or substituted by the surviving corporation.

The stock awards reflected in the "Grants of Plan-Based Awards for Fiscal 2011" table under "2011 Performance Stock" are performance-based restricted stock awards which were approved by the Compensation Committee and granted to the named executive officers as a special one-time grant in 2011. These awards vest based on the Company's achievement of certain financial performance goals, as described above under "Executive Compensation—Long-Term Incentive Compensation." The restricted shares can accrue dividend equivalents that would be payable upon the lapse of the restrictions applicable to such shares. The restricted stock may vest earlier upon a change of control of the Company if the awards are not assumed, continued or substituted by the surviving corporation.

- (2) The value realized on vesting is calculated by multiplying (A) the closing price of a common share on the vesting date and (B) the number of shares acquired on vesting before withholding taxes.

**Potential Payments upon Termination of Employment and Change of Control*****Payments upon Termination of Employment***

We have entered into employment agreements with each of our named executive officers that provide compensation upon certain triggering events that result in termination of employment. These agreements are described under "Employment Agreements" above. The table below quantifies the compensation that would have become payable under existing plans and arrangements if each named executive officer's employment had terminated on September 30, 2011 upon certain triggering events. These amounts are estimates only, as the actual obligation can only be determined at the time of a named executive officer's separation from our Company. The amounts described below are in addition to benefits that are generally available to our employees such as distributions under our 401(k) plan, life insurance, disability benefits and accrued vacation.

Unvested stock options and restricted stock granted under the Liquidity Services, Inc. 2006 Omnibus Long-Term Incentive Plan do not accelerate upon death, disability or retirement. Unvested options also do not accelerate upon termination of employment by the Company with or without cause or by the executive for "good reason" unless such termination occurs within one year following a "corporate transaction" as further described below. Unvested restricted stock also does not accelerate upon termination of employment by the Company with or without cause or by the executive for "good

reason." All values were computed as of September 30, 2011 based on the closing price of our common stock on the last trading day of the fiscal year (\$32.07).

This amount may be reduced by the amount of any disability benefit payments from insurance provided by the Company.

- (3) Upon termination of employment as a result of death, the named executive officer is entitled to continued salary through the month in which the date of termination occurs. The amount shown in this column is the maximum payment that will be paid and represents one month's base salary.
- (4) Mr. Burton is entitled to these benefits only if his employment is terminated by the Company without cause.

### **Change of Control Arrangements**

*Employment Agreements.* We do not provide change of control benefits to our named executive officers under their respective employment agreements.

*Stock Options.* Our named executive officers hold unvested stock options under the Liquidity Services, Inc. 2006 Omnibus Long-Term Incentive Plan. This plan contains provisions regarding the treatment of any unvested stock options in connection with a change of control of the Company.

Under the Liquidity Services, Inc. 2006 Omnibus Long-Term Incentive Plan, in the event of a "corporate transaction" either (1) all of the options will vest in full and become exercisable for fifteen days prior to the scheduled consummation of the change of control, or (2) the Board may elect, in its sole discretion, to cancel any outstanding awards of options and pay to the holder an amount in cash or securities equal to the number of options multiplied by the amount the fixed price paid to stockholders exceeds the option price. Under the plan, a "corporate transaction" generally means (1) the dissolution or liquidation of the Company or a merger, consolidation, or reorganization of the Company with one or more other entities in which the Company is not the surviving entity, (2) the sale of substantially all of the assets of the Company or (3) any transaction which results in any person or entity (other than persons who are stockholders or affiliates of the Company at the time the plan was approved by the Company's stockholders) owning 50% or more of the combined voting power of all of the classes of stock of the Company. If the options are assumed or continued by the surviving company, or the surviving company substitutes the options with a substantially equivalent option, then no such acceleration of vesting or cancellation of options shall occur.

Unvested options will also vest if the named executive officer's service with the Company is involuntarily terminated within one year following a "corporate transaction." For this purpose, an involuntary termination means a termination of service with the Company without cause or a voluntary resignation of the named executive officer following a material adverse change in the executive's title or responsibilities, a material reduction in base salary, or receipt of a notice that the executive's principal workplace will be relocated more than 50 miles.

The table below shows our estimates of the amount of the benefit each of our named executive officers would have received if the unvested options held by them as of September 30, 2011 had become fully vested as a result of a change of control or an involuntary termination within one year following a change in control.

<u>Name</u>	<u>Number of Unvested Options at September 30, 2011 (#)</u>	<u>Estimated Benefit \$(1)</u>
William P. Angrick, III	110,123	\$ 2,259,634
James M. Rallo	84,451	1,874,620
Eric C. Dean	70,125	1,573,546
Thomas B. Burton	64,122	1,471,042
G. Cayce Roy	412,380	8,730,473

- (1) For vesting of unvested stock options, the values are based on the number of options that would have vested on the last business day of fiscal 2011, multiplied by the difference

between the closing price of our common stock on the last trading day of the 2011 fiscal year (\$32.07) and the exercise price of the unvested option. If the exercise price of any unvested option was greater than the closing price of our common stock on the last trading day of fiscal 2011, no value was attributed to the acceleration of these unvested options.

*Restricted Stock.* Certain of our named executive officers hold unvested restricted stock awards under the Liquidity Services, Inc. 2006 Omnibus Long-Term Incentive Plan. This plan contains provisions regarding the treatment of any unvested restricted stock awards in connection with a change of control of the Company.

Under the Liquidity Services, Inc. 2006 Omnibus Long-Term Incentive Plan, in the event of a "corporate transaction" all of the restricted stock awards will vest in full and the shares of common stock subject to such awards will be delivered immediately prior to the scheduled consummation of the change of control. If the restricted stock awards are assumed or continued by the surviving company, or the surviving company substitutes the restricted stock awards with a substantially equivalent restricted stock award, then no such acceleration of vesting of restricted stock awards shall occur.

The table below shows our estimates of the amount of the benefit each of our named executive officers would have received if the unvested restricted stock awards held by them as of September 30, 2011 had become fully vested as a result of a change of control.

<u>Name</u>	<u>Number of Unvested Restricted Shares at September 30, 2011 (#)</u>	<u>Estimated Benefit \$(1)</u>
William P. Angrick, III	90,110	\$ 2,889,828
James M. Rallo	26,685	855,788
Eric C. Dean	25,091	804,668
Thomas B. Burton	28,498	913,931
G. Cayce Roy	40,767	1,307,398

- (1) For vesting of unvested restricted shares, the values are based on the number of restricted shares that would have vested on the last business day of fiscal 2011, multiplied by the closing price of our common stock on the last trading day of the 2011 fiscal year (\$32.07).

**REQUIREMENTS, INCLUDING DEADLINES, FOR SUBMISSION OF PROXY PROPOSALS, NOMINATION OF DIRECTORS AND OTHER BUSINESS OF STOCKHOLDERS**

Under Securities Exchange Act Rule 14a-8, if a stockholder would like us to include a proposal in our proxy statement and form of proxy for presentation at our 2013 Annual Meeting of Stockholders, the proposal must comply with Rule 14a-8 and must be received by us at our principal executive offices at 1920 L Street, NW, 6<sup>th</sup> Floor, Washington, DC 20036, to the attention of the Corporate Secretary, no later than September 29, 2012.

In addition, our bylaws contain certain procedures that a stockholder must follow to nominate persons for election as directors or to introduce an item of business at an Annual Meeting of Stockholders, other than non-binding proposals presented under Securities Exchange Act Rule 14a-8. These procedures provide that for nominations or other business to be properly brought before an annual meeting by a stockholder:

- the stockholder must have given timely notice thereof in writing to our Corporate Secretary;
- such business must be a proper matter for stockholder action under the General Corporation Law of the State of Delaware;
- if the stockholder, or the beneficial owner on whose behalf any such proposal or nomination is made, has provided us with a Solicitation Notice, as that term is defined below, such stockholder or beneficial owner must, in the case of a proposal, have delivered a proxy statement and form of proxy to holders of at least the percentage of our voting shares required under applicable law to carry any such proposal, or, in the case of a nomination or nominations, have delivered a proxy statement and form of proxy to holders of a percentage of our voting shares reasonably believed by such stockholder or beneficial holder to be sufficient to elect the nominee or nominees proposed to be nominated by such stockholder, and must, in either case, have included in such materials the Solicitation Notice; and
- if no Solicitation Notice has been timely provided, the stockholder or beneficial owner proposing such business or nomination must not have solicited a number of proxies sufficient to have required the delivery of such a Solicitation Notice.

To be timely, a stockholder's notice must be delivered to our Corporate Secretary at our principal executive offices not less than 90 or more than 120 days prior to the first anniversary of the date of the preceding year's Annual Meeting of Stockholders. Therefore, in order to be considered timely with respect to the 2012 Annual Meeting of Stockholders, it must be received no earlier than November 1, 2012 and no later than December 1, 2012.

If, however, the date of the Annual Meeting is advanced more than 30 days prior to or delayed by more than 70 days after the anniversary of the preceding year's Annual Meeting, notice by the stockholder must be delivered no earlier than the close of business on the 120th day prior to such Annual Meeting and not later than the close of business on the later of:

- the 90th day prior to such Annual Meeting, or
- the 10th day following the day on which public announcement of the date of such meeting is first made.

In no event shall the public announcement of an adjournment or postponement of an annual meeting commence a new time period or extend any time period for the giving of a stockholder's notice as described above.

In addition, notwithstanding the above timelines, in the event that the number of directors to be elected to the Board of Directors is increased and we do not make a public announcement naming all of the nominees for director or specifying the size of the increased Board of Directors at least 100 days prior to the first anniversary of the date of the preceding year's Annual Meeting of Stockholders, a stockholder's notice shall also be considered timely, but only with respect to nominees for any new positions created by such increase, if it shall be delivered to the Corporate Secretary at our principal executive offices not later than the close of business on the 10th day following the day on which we first made such public announcement.

Such notice shall set forth the following information:

- as to each person who the stockholder proposes to nominate for election or reelection as a director, all information relating to such person as would be required to be disclosed in solicitations of proxies for the election of such nominees as directors pursuant to Regulation 14A under the Exchange Act, and such person's written consent to being named in the proxy statement as nominee and to serve as director if elected;
- as to any other business that the stockholder proposes to bring before the meeting, a brief description of such business, the text of the proposal or business, the reasons for conducting such business at the meeting and any material interest in such business of such stockholder and the beneficial owner, if any, on whose behalf the proposal is made;
- as to the stockholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made;
- the name and address of such stockholder, as they appear on our books, and of such beneficial owner;
- the class and number of shares of our stock that are owned beneficially and of record by such stockholder and such beneficial owner; and
- a representation that either such stockholder or beneficial owner intends to deliver a proxy statement and form of proxy to holders of, in the case of a proposal, at least the percentage of our voting shares required under applicable law to carry the proposal or, in the case of a nomination or nominations, a sufficient number of holders of our voting shares to elect such nominee or nominees (an affirmative statement of such intent is referred to as a "Solicitation Notice").

If any proposed nomination or business is not in compliance with the foregoing procedures, the chairman of the meeting has the power to declare that any defectively proposed business or nomination shall not be presented for stockholder action at the meeting and shall be disregarded.

Stockholders must also comply with all applicable requirements of the Exchange Act and the rules and regulations thereunder. These procedures do not affect any rights of stockholders to request inclusion of proposals in the Company's proxy statement pursuant to Rule 14a-8 under the Exchange Act.

**ANNUAL REPORT**
